You know very well COVID 19 that has been spreading since December 2019 worldwide. 1st patient was detected in Bangladesh on 8th March 2020. The Government of Bangladesh has declared nationwide lockdown from 26th March, 2020 to 4th April, 2020 and finally it was extended up to 30th May 2020. But I believe that due to various steps taken by the government for sustainable economy, this situation will change very soon. However, in spite of business downturn, considering the interest of shareholders, the company has proposed cash dividend @5% (excluding Director's & Sponsor's) and stock dividend @ 5% for all shareholders for the year 2019-2020.

My special thanks goes to all my colleagues who have worked and continue to work very hard for the betterment & growth of the Company in this pandemic situation. Management Discussion and Analysis on Financial Position and Performance

For last five financial years the company generated moderate growth in sales except this current year. Because, you know very well that COVID 19 has been spreading since December 2019 worldwide and like other industry, CNG sector also directly affected. 1st patient was detected in Bangladesh on 8th March 2020. The Government of Bangladesh has declared nationwide lockdown from 26th March, 2020 to 4th April, 2020 and finally it was extended up to 30th May 2020. Due to nationwide lockdown, restriction was imposed strictly on transportation and no vehicles were allowed on roads except for emergency needs. After the withdrawal of lockdown since 31st May 2020, movement of vehicles was poor in the month of June. Since then all educational institutions are being closed till now. Our sales had dropped significantly like other company in the peer industry during the lockdown as our main operating revenue comes from selling of CNG used in vehicles. In 2016, sales stood Tk. 1125 million and now in 2020 sales stand Tk. 896 million. In line with sales, net profit after tax had been decreased from around Tk. 68 million in 2016 to Tk. 47 million in 2020. Management expects that the current scenario will change in the next upcoming year. Because management takes some initiative to expand business in LPG sector and also purchased a new LPG Bottle Manufacturing factory by using IPO fund which is expected that will generate revenue from March 2021. In the last five financial years, net operating cash flow per share was positive. In the backdrop of above scenario, it indicates the company is moving forward and it has good promise in the long run.

Accounting policy and estimation for preparing financial statements have been remained same as it was before. Hence, there is no effect in this regard.

In our opinion, the accompanying consolidated financial statements of the Company and separate financial statements of the Company give a true and fair view of the consolidated financial position of the Company and the separate financial position of the Company as at 30 June 2020, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter-Utilization of IPO Fund

We draw attention to note # 33 of the financial statements, which describes the utilization of IPO proceeds up to 30 June 2020 as certified by independent auditor, Shiraz Khan Basak & Co, Chartered Accountants. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidatedfinancial statements of the current period. These matters were addressed in the context of our audit of the consolidatedfinancial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

Management is responsible for the other information. The other information comprises the information including Director's report included in the annual report but does not include in the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error. The Companies Act, 1994 require the Management to ensure effective internal audit, internal control and risk management functions of the Company.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidatedfinancial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the seconsolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidatedfinancial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
 appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is
 higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations,
 or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit
 evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on
 the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to
 draw attention in our auditor's report to the related disclosures in the consolidatedfinancial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of
 our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidatedfinancial statements, including the disclosures, and whether the consolidatedfinancial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 1987, we also report the following:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of these books;

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 1987, we also report the following:

- we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of these books;
- c) the statement of financial position and statements of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account and returns; and
- d) the expenditure incurred was for the purposes of the Company's business.

35.00 Significant Deviation on sales, Net profit, EPS & NOCFPS :

COVID 19 that has been spreading since December 2019 worldwide. 1st patient was detected in Bangladesh on 8th March 2020. The Government of Bangladesh has declared nationwide lockdown from 26th March, 2020 to 4th April, 2020 and finally it was extended up to 30th May 2020. Due to nationwide lockdown, restriction was imposed strictly on transportation and no vehicles were allowed on roads except for emergency needs. After the withdrawal of lockdown since 31st May 2020, movement of vehicles was poor in the month of June. Same time all educational institutions are being closed till now. Our service is selling CNG to vehicles, so our sales had dropped in the lockdown period. As a result, during the year sales and net profit after tax decreased in comparison with previous year ended on 30 June 2019 and earnings per share (EPS) is decreased due to net profit after tax decreased and also NOCFPS is decreased according to decreased of sales compare to previous year.
